Update: Because of the coronavirus pandemic, the deadline for the March 17 Ohio primary election for Vote-by-Mail and limited in-person voting has been extended to April 28. There are three ways to request a Vote-by-Mail ballot. To find out how, see [How to Request Your Vote-by-Mail Ballot](#). For more information on Vote-by-Mail and to learn about the limited in-person voting options, see the Ohio Secretary of State's [2020 Primary FAQ](#).

Voter registration in Ohio is nonpartisan; you do not select a political party. You declare your political party affiliation by requesting the ballot of a political party in a partisan primary election, such as the Ohio primary. Select the ballot you want, either Republican, Democrat, Libertarian, or Issues Only. If you don't choose a party, you will be considered unaffiliated, and cannot vote in a party primary. If you're not registered, it's too late to do so for this primary, but if you're eligible, you can register for the general election in November.

Candidate information

Eligibility

You are eligible to vote in the primary if you are:

- A United States citizen
- At least 18 years old by November 3
- A resident of Ohio for at least 30 days before the election
- Not incarcerated for a felony conviction
- Not declared incompetent
- Not permanently disenfranchised for violating election laws

Ohio's Voting Rules

ID Requirements for registering

To register online, you will need both of the following:

- An Ohio driver's license or an Ohio ID card
- The last four digits of your Social Security number

To register on paper, you will need one of these two, or one of the following: a copy of a current and valid photo ID, a military ID, or a current (within the last 12 months) utility bill, bank statement, government check, paycheck, or other government document (other than a notice of voter registration) that shows your current name and address.

ID Requirements for voting

To vote, whether at the polls or absentee, you will need one of these: an unexpired Ohio driver's license or current state ID card (for absentee, the license number will do), the last four digits of your SSN (for absentee only), or a current military ID, utility bill, bank statement, government check, paycheck, or other government document, including photo ID (other than a notice of voter registration mailed by a board of elections) that shows your current name and address, including from a public college or university. If you're a student living on campus, your school may issue a current utility bill with a current address that you can use as voter ID, including a zero-balance bill indicating that you've already paid for utilities as part of your housing fee. Copies or originals of these documents are acceptable.

Absentee voting

In Ohio, you can cast an absentee ballot without an excuse. You will need to complete, print, and sign an [absentee ballot request form](#) and mail it back to your county board of elections. The ballot will be sent to you, and you can return the completed ballot either by mail or by delivering it to your county board of elections. (You can also obtain an absentee ballot at your [county board of elections](#).) See [Absentee Voting](#) for more instructions.

Address to use for registering and voting

Per federal election law, college students can register and vote at **either** their campus address **or** their permanent home address, which may be out of state. However, voters can only be registered at one address. If you are not going to physically be in the state where you plan to vote, you will need to request an absentee ballot.

It's your choice where to register. Registering at your campus address will not:

- Affect your federal financial aid
- Prevent your parents from claiming you as a dependent on their taxes
- Cost you any scholarships, unless they're tied to specific residency requirements
- Affect your tuition status as an in-state or out-of-state student.
